NEWS RELEASES

COMMISSION STREAMLINES RATE REPORTING
REQUIREMENTS FOR SMALL OPERATORS AND
"LOW PRICED" SYSTEMS - MM DOCKET 92-266
(Report No. DC 95-60, Action in Docket Case)

The Commission has eliminated the requirement that systems owned by small operators and low price systems calculate their "full reduction rates" for submission on applicable rate forms. This deregulatory action will reduce the burden of calculating and reporting rate adjustments. The Form 1210 will be modified to implement this change. In the future, small operators and low priced systems will only be required to report adjustments to their "transition" rates.

Action by the Commission April 7 by Order on Reconsideration (FCC 95-150).
